

DIZZY DUCK SPEEDY Car Wash

DIZZY DUCK FUNDRIVE

Having a fundraiser? Why not make it a FUNDRIVE and let Dizzy Duck Speedy Car Wash do the dirty work?

DIZZY DUCK DOES THE DIRTY WORK!

When organizations wash cars and other vehicles on driveways and in parking lots, they waste enormous amounts of water. Untreated wash water is then discharged directly into the ground or the storm water systems that, in turn, empty into local streams. Discharge of the untreated wash water contains oil and other chemical waste products which are dangerous and prohibited.

Dizzy Duck Speedy Car Wash has invested tens of thousands of dollars in recycling and waste water purification systems that both conserve natural resources and protect the environment from pollutants. By partnering with a Dizzy FUNDRIVE, you can also rest assured that you've done your duty to protect the environment and our resources.

IT'S EASY TO REACH YOUR GOALS!

Dizzy Duck will work with your chairperson to get your FUNDRIVE underway. No upfront deposit needed. We offer two levels of redemptions to your organization.

"DUCKIER!"

**"JUST DUCKY!" +
